Small size days are presented by the
Small size Artistic International Association,
 and are a part of the European project
Small size, performing arts for early years.

SMALL SIZE, PERFORMING ARTS FOR EARLY YEARS

Small size, performing arts for early years is **funded by the European Union programme Creative Europe 2014 - 2018.**
 A networking project involving theatre and cultural centres that have focused their artistic research on children, and
 that have developed specific expertise in the field of performing arts for early years.

The Network promotes the diffusion of a culture for childhood,
 conceiving art as a means to establish relationships and links among countries, citizens and generations.

The project supports the children's right to a full "cultural citizenship",
 encouraging adults to fulfil their duty to pursue this goal.

SMALL SIZE ARTISTIC INTERNATIONAL ASSOCIATION

The Small size Artistic International Association was founded in 2007 within the framework of the project
 "Small size, the net", financed by the Culture Programme of the European Commission.
 Today the association's network extends over three continents and includes 38 theatres,
 art institutions and organisations. The main objective and activity of the Association
 is to promote and spread performing arts for early years (0-6 years)
 and, more generally, to support and give value to culture for the same age group.
